

THE
SEACOAST SHIPYARD ASSOCIATION
EXTENDS
CONGRATULATIONS AND THANK YOU ALL!

On August 24, 2005, the Base Realignment and Closure Commission (BRAC) voted to remove Portsmouth Naval Shipyard from the Department of Defense closure list.

This outcome is truly extraordinary, and could not have been accomplished without the tremendous effort put forth by untold individuals and organizations. These various participants performed as a cohesive force, all linked together, to provide a unified and overwhelmingly persuasive case in support of Shipyard. Every one of these links was equally crucial in achieving our objective.

This public notice is the only way the Seacoast Shipyard Association can express our gratitude to all who contributed their money, time, talent and efforts. We are grateful and wish to thank;
